

PROGRAMME TITLE	LEVEL	SAQA ID	NQF
National Certificate: Welders Trade N1-N2	N1	67109	1
	N2	67375	2
*Only offered at DHET registered exam centre campuses			

## DESCRIPTION

Welders cut, shape and join sections of metal in a wide range of industries, such as construction and engineering, transport, aerospace, and offshore oil and gas. They also carry out repairs on manufacturing equipment and machinery. The programme is designed to offer essential in-depth knowledge for all who want to pursue a career in welding.

Successful completion of the N1-N2 certificates could allow the learner to either become an artisan at a trade school or proceed to N3-N6 at Berea Technical College and qualify as a Mechanical Engineer. This duration for the welder trade course is 1-year theoretical studies and the duration for the civil engineering programme is two years theoretical studies and two years' work integrated learning. The Engineering Program at Berea Technical College strives to develop within students the ability to think analytically and creatively, and to become effective problem solvers
